WHERE RECOVERY BEGINS

Changing Lives through The LCADA Way

2,698,370

residents have access to our services within our footprint counties

147,992

hours of face-to-face services provided in 2022

2,503

unique people had treatment services provided by our caring staff

The LCADA Way Prevention staff provide **Evidence-Based Programs** and **Evidenced Based Practices** within many Lorain County School Districts.

Since 1981, our mission remains.

As a center of **Clinical Excellence for education, prevention, and treatment**, we're dedicated to transforming individual lives, families and communities suffering from alcohol, substance and gambling abuse and addiction and behavioral health issues.

With each of our local treatment facilities constantly near capacity from a never-ending demand for services, our staff works day and night to help those in recovery—whether it's our mothers and their children at **The Key Woman's Center**, men and adolescents utilizing in-person and telehealth care, those needing our services at **our newest center in Middleburg Heights** or those in our care making progress in their personal journey to sobriety.

For some, we are where their personal recovery begins. And for others, we are the support and treatment they need on their journey to sobriety. It takes passion and commitment to do what we do. And like our customers who come to us for help, it also takes **courage—to believe lives can improve and be better in the future.**

Our approach is unique—a toolbox filled with experience, programs and outcome focused services passionately delivered by our amazing staff at each of our centers in the communities we serve, all backed by our wonderful care partners, donors and supporters.

Together we hold the promise of a better future.

It's "The LCADA Way."

**We utilize
research-based models of care**
*with services specifically tailored
to meet the needs of each struggling individual.*

Working together with families, caregivers, first responders
and law enforcement, our goal is to reduce and hopefully to eradicate
this disease from our area.

Dan Haight : PRESIDENT & CEO, The LCADA Way

This past year, **Cuyahoga County**
was gracious in welcoming us into
their community, as we opened
the **Middleburg Heights Center**

A Letter to Our Community

Dear Friends of the LCADA Way,

The LCADA Way is excited to share that we are growing! We have purchased a **new facility in Middleburg Heights, Ohio**. The facility officially opened in April 2022, and adds significantly to our ability to provide holistic care that embraces the customer, their loved ones and our community. To introduce ourselves to local officials and the business community in the area, we held two open houses to showcase our new facility and, more importantly, who we are and what we do. In addition, through a merger completed in January 2023, the **Women's Recovery Center** in Cleveland became part of The LCADA Way family. WRC

has been serving women with substance use disorder for over 38 years. This acquisition will further expand our life-changing services to the residents of **Cuyahoga County**.

Even though The LCADA Way was still feeling some of the effects of the pandemic, **our staff continued to provide high-quality services to each of our customers day-in and day-out with dignity and respect**. We recognize that each individual who comes through our doors is not only suffering from the disease of addiction but many other complicated issues as well. To support all of our customers' needs our services are individualized.

892
days of childcare
provided at **The Key**

We have some more exciting news! We are partnering with the **MHARS Board of Lorain County** and the **Nord Center** to build a first-class, state-of-the-art Crisis Detox Center in Lorain County that will serve Northeast Ohio.

Individuals experiencing a behavioral health crisis will finally have a **24 hours a day, 7 days a week** facility to go to that can properly serve them and transition them safely back into the community.

To our Board of Directors, staff, community partners and friends, who all play an invaluable role in helping to remove the stigma of addiction and embrace those in our community who want to be free, we say thank you! It takes all of us working together to make a difference!

All the best,

Dan Haight
President & CEO

The LCADA Way Highlights

18th Annual The LCADA Way Memorial Golf Benefit

Hosted with our friends at ever-challenging Hilliard Lakes Golf Course, supporters of The LCADA Way enjoyed beautiful weather, raffles and prizes all benefitting The Key Women's Center.

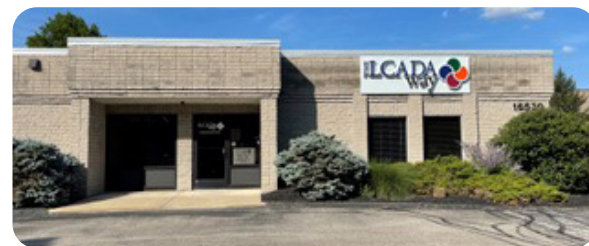

Lorain County Fair

Held in August since 1846, The LCADA Way has educated and interacted with people of all ages at our booth to help them learn more about the agency's recovery and community support services.

Middleburg Heights Center

Our newest community recovery center opened in Middleburg Heights to serve the individuals and families in the surrounding communities.

Adopt A Bed

Through the generous support of our sponsors, our Adopt A Bed program at The Key Women's Center continued to provide toiletries, welcome kits, baby diapers and formula to help our moms in our recovery program.

Designated Driver with Lake Erie Crushers

In support of sober safety, The LCADA Way continued its sponsorship of a Designated Driver program at Lake Erie Crushers Stadium.

North Coast Chamber Expo

The LCADA Way shared our message of recovery and encouragement at the regional chamber expo, meeting business owners, entrepreneurs, and folks in the community.

Night at the Races

The LCADA Way enjoyed a Night at the Races at Northfield Park helping raise awareness for the agency and share important information about responsible gambling.

Lorain Chamber of Commerce Business Expo

The LCADA Way continues its support of local and regional community events, including the ever-popular Lorain Chamber of Commerce Business Expo.

OAADAC

The LCADA Way was an active participant in this year's The Ohio Association of Alcoholism and Drug Addiction Counselors (OAADAC) convention and education event.

Rural Communities Opioid Response Program

A grant was awarded by HRSA to provide outreach, prevention, education, and treatment to Oberlin and Wellington communities in 2022.

Ways to Give

REAL ESTATE

Real Estate such as personal residences, farms, vacation homes, commercial and rental property is often the subject of gifts. Like gifts of appreciated securities, gifts of real estate can be attractive because of the double tax benefit—an immediate charitable contribution and the avoidance of capital gains tax.

GIFTS-IN-KIND

Gifts-in-Kind are goods and services whose worth cannot necessarily be counted in dollars, but provide an added benefit to the organization. This includes supporting our fleet of vans with oil, gas and maintenance. We are one of the first organizations in the country to provide treatment transportation to our customers.

PLEDGES

Pledges may spread gift payments over a period of years. Many of The LCADA Way supporters have made multi-year pledges to the capital campaign and other avenues of support.

LIFE INSURANCE

You may purchase a new Life Insurance policy or simply donate a policy that you already hold but no longer need. Designating The LCADA Way as the owner and beneficiary of the policy can provide valuable tax benefits.

CASH

Cash is the simplest and most direct way to contribute to The LCADA Way. You may designate your gift for a specific purpose or you may choose to leave your gift undesignated to benefit the organization's area of greatest need. Cash gifts generally provide an immediate charitable income tax deduction for the amount of the gift.

PLANNED GIFTS

Planned Gifts are a commitment to the future of The LCADA Way mission. Bequests, gift annuities, life insurance and retirement plan proceeds and various forms of gifts in trust are examples of planned gifts. You can realize an income tax deduction, avoid capital gains taxation and reduce or eliminate estate taxes while having a positive impact on The LCADA Way mission.

MATCHING GIFTS

Matching Gifts are gifts offered by companies to encourage employees to support nonprofit organizations. Employers will match their employee contributions dollar for dollar, or in some cases, even double or triple
