

BEHAVIORAL HEALTH

for Children & Adolescents

Helping Children & Adolescents With The **EMOTIONS** **AND BEHAVIORS** THAT AFFECT THEIR OVERALL WELL-BEING

Riveon has been providing services to **Children and Adolescents since 2005**. A team of expert professionals provides care including licensed counselors, pediatric nurses, case managers and child psychiatrists. Onsite interpretation services are also available. **Many services are offered in the evenings to minimize disruption to a child's day-to-day functioning.**

MENTAL HEALTH AND RECOVERY

WHEN TO SEEK HELP

If you are concerned about your child, **please do not hesitate to call us.** Problems that can be helped by treatment include:

Aggressive behaviors
Anger management problems
Anxious behaviors
Bed-wetting or soiling
Disrespect toward authority figures
Drug use
Extreme fears (*phobic reactions*)
Fighting at school or at home
Irritability
Nightmares

Problems with peers
Refusal to follow rules at school or home
Sadness
School refusal
Self-harm, self-mutilation
Sleep disturbance
Stealing
Threats of harming self or others
Withdrawn behavior

WHAT SERVICES ARE OFFERED?

Riveon offers individual, family and group therapy with **specific programs** available for particular concerns. Services do not need to be “bundled.” For example, if your child has a counselor outside of Riveon they can still work with a Riveon psychiatrist.
