

ADOLESCENT Services

RIVEON HEALTHCARE

Adolescent Treatment Programs Focused on **SOLUTIONS, SUPPORT AND RESULTS**

Alcohol/drug abuse and addiction are prevalent in all age groups, but **adolescents are especially vulnerable**. Our treatment programs focus on the specific needs of adolescents and their families, recognizing **success depends on understanding the emotional, behavioral, environmental and family aspects** of the adolescent's life.

ASSESSMENT SERVICES

Access a variety of assessment and screening options to fit your needs and availability. To schedule an assessment, call **440.989.4900, select option #2** (*Intake Services*).

OUTPATIENT PROGRAM

To meet the needs of both the adolescent and their family, treatment involves individual therapy, In-Home Family Sessions and the Adolescent Community Reinforcement Approach. (ACRA)

riveon
HEALTHCARE

ACRA is a comprehensive behavioral program based on the belief that environmental contingencies can play a powerful role in drinking or drug use. It utilizes social, recreational, familial and vocational re-enforcers to assist in recovery, creating a safe setting where we can guide adolescents and families through a process of healing and recovery.
All services are offered in person or tele-health.

FAMILY PROGRAMMING

Offered as an open-ended educational support group, programming is for parents, adolescents and other family members who are concerned about a loved one’s harmful use of alcohol or other drugs. In-home or in-office family services are also available.

AFTERCARE

A step-down model of care helps adolescents maintain their newly established recovery, developing relapse prevention skills and identifying community and family support networks. Most importantly, adolescents learn how to rebuild family communications and trust.
