

Quest *for* Success

Supported Employment Services for Adults

For many people, working is a meaningful part of their life. Learning new skills, earning a paycheck, and interacting with coworkers can help people develop confidence in themselves and their strengths.

WHAT IS SUPPORTED EMPLOYMENT?

Research has found that work can lead to a better well-being. Our participants receive employment and/or education services tailored to their needs, preferences, and interests. Employment Specialists are available to assist in exploring options and resources to increase success in obtaining and retaining competitive jobs in the community.

STRONG EMPLOYER CONNECTIONS

Employment Specialists understand the importance of businesses seeking candidates that will contribute to their success. Therefore, one of the roles of our employment specialists is to learn about the company operations, culture, expectations, and needs, which may result in a mutually beneficial partnership including:

- Providing services and supports through all stages of employment at no cost to your business.
- Introducing participants based on their individual skills, strengths, and/or interests.
- Increasing job retention rates, job satisfaction, and improved workplace integration.
- Collaborating on strategy, progress, and direction of our services.

To learn more about our services and schedule a meeting with an **Employment Specialist**, please contact the number and/or email listed on the business card attached.
