

BECOME A VOLUNTEER ADVOCATE!

You can make a difference in the life of a sexual assault survivor

Riveon Healthcare is currently accepting applications for volunteer advocates. Volunteers enable SAS to provide essential services to survivors of sexual assault and to those who support them on a 24-hour basis, at absolutely no cost. No prior training or experience is needed—just a desire to help those in crisis.

VOLUNTEER OPPORTUNITIES

- **Outreach Advocate:**
Provides support to the survivor during the nurse's interview and exam. Acts as liaison for the survivor between the nurse and law enforcement, as well as providing support to accompanying family and friends.
 - **Hotline Advocate:**
When an after-hours phone call is received from a survivor by our 988 24-hour Emergency/Crisis Hotline, the advocate returns the call to the survivor—helping them through their crisis and supporting them over the phone.
 - **Community Outreach:**
Participates in health and wellness fairs throughout the year, and may also present SAS presentations to businesses, schools and universities.
 - **Staff Support:**
Helps the SAS staff with administrative duties, special events, fundraisers, surveys and assistance with the preparation and organization of survivor materials.
- Bilingual / Spanish-speaking volunteers are also needed to assist in outreach and advocacy to the Hispanic population.*

Volunteer training cycles occur in the spring and fall.
